

Source, engage, and activate candidates faster

The Evolve Talent Acquisition Suite delivers an award winning, AI-powered, sourcing solution that guarantees to save recruiters time while ensuring you source the highest quality candidates available in your CRM and talent pools. Clients can now leverage this intelligent automation to identify, target and personally invite qualified candidates to apply to your newly opened job postings. The best part is that The Suite does the heavy lifting saving recruiters time so they can focus on moving applicants through the hiring process.

Awarded September 2021

Zero-Click Intelligent Sourcing (ZCIS) targets qualified candidates:

- Match with requirements, experience, and certifications of job req
- Based on past hires for similar roles
- Leverages your CRM and candidate data pools

How It Works:

Improve your hiring metrics:

- **Reduce sourcing time required:** Our research shows that a large percentage of a recruiter's time is spent sourcing. By automating a significant portion of this step in a recruiter's process, you save valuable time for every recruiter at your organization.
- **Improve time-to-fill:** Reducing time-to-fill allows recruiters to reallocate time to focus on later stage candidates and delivering a better candidate experience.
- **Quality of Hire:** The system intelligently determines the caliber of a candidate, helping to maintain consistency in quality of hire.

Tangible benefits your team will see:

- Save recruiter's time
- Guarantee candidate quality
- Improve candidate experience
- Automatically leverage your CRM and candidate pools
- Save job advertising costs
